

# CHIARA COMPAGNONI

## DIGITAL AND INTERACTION DESIGNER

### ABOUT ME

Ciao! I'm an Italian UI/UX designer. I create engaging digital products by combining human-centred design with analytical thinking. I'm constantly exploring how technology can enhance design, with a particular focus on AI for communication and 3D environments.

Outside of work, I find inspiration in crowded or unfamiliar places, and I love bringing others' ideas to life. In my free time, I enjoy taking photos, drawing, and solving very difficult Sudoku puzzles :)
